The Result

Viviscal™ PRO dietary supplements recommended usage

Like an effective skincare routine, a daily Viviscal Professional regimen can help hair maintain a healthy look and feel. For best results, take Viviscal PRO tablets twice a day for a minimum of six months. Users may see results in as little as three months. Take one tablet in the morning, and one tablet in the evening, with water after food. Thereafter, take 1-2 tablets daily as required. Viviscal PRO tablets are easy to swallow.

At around three months you will start to see signs optimal combination of essential vitamins, amino acids and building blocks of hair health. You may notice stronger, longer nails, less hair fall and an increase in hair length and shinier hair.

In a clinical trial, 80% of Viviscal users saw a statistically significant increase in the number of hairs after six months. +
